Wedding Amenities and Policy

We look forward to your special day at the Historic Santa Claus Campground.

Please note the following details as you reserve and plan.

All wedding reservations require full payment included with the application form submission. A minimum of one week prior to the event, a detailed schedule must be sent to the campground manager, with any changes immediately conveyed.

Pricing includes a 3-hour rehearsal and a 5-hour wedding time frame. Any additional time will increase the overall cost as determined by the campground manager.

Bridal party, family and guests are restricted to those areas of the campground that have been reserved. If the desire is to photograph within or utilize other areas of the property, please include that information in the application AND verify approval with the campground manager as there may be other guests on the property as well.

The Lantern Conference Center may be used to store items for the ceremony and be used as a changing room within the reserved time frame and is inclusive in the rental.

Rehearsal dinner reservation space must be requested on the application, with fees applied to any additional space required.

Please note that decorations are not to be attached to any part of the tabernacle or conference center walls using staples, tacks, nails or other fixatives that will leave a mark or cause any type of residual damage.

During the recessional or any other time, items other than those that are biodegradable may not be tossed. If in doubt, please confirm the selected item with the campground manager.

Immediately following the event-- unless prior arrangements have been made with the campground manager; all reserved and utilized areas are to be cleaned. This includes décor and trash removal, furnishings and tabernacle pews returned to their proper location and mopping of floors if necessary.

The campground manager has full authority over all events that occur at the Historic Santa Claus Campground.

ALCOHOL IS NOT PERMITTED ON THE PREMISES OF THE HISTORIC SANTA CLAUS CAMPGROUND
